January 3, 2019

Members of the Guidance Department:

In keeping with one of the goals of Delta Kappa Gamma International – to advance the professional interest of **women in education** – Alpha Nu Chapter of Pi State, New York provides a \$1,000 Grant-in-Aid Scholarship to a qualifying female high school senior. An application form is attached. We are asking for your help in selecting **two** candidates for consideration.

The applicant must be a member of the June 2019 graduation class who will begin college studies in September 2019 in preparation for a teaching career. The selection committee of Alpha Nu recommends that applicants have a strong academic record with a cumulative average of at least 80%. She should be involved in school and community activities.

Each application is to be completed by a guidance counselor and forwarded to us on or before March 5, 2019. **Applications received after the postmarked date of March 5, 2019 will not qualify.** Please include an official transcript with each completed application.

After the selection committee has reviewed each application, a finalist will be selected. The recipient will be notified and invited to the May dinner meeting of Delta Kappa Gamma to receive her reward.

Sincerely,

Dee Hushmendy & Lorri McCarthy
